Grey & Silver Mirror Grey Lens

Clip-in shield-temple engagement system for easy customization by opticians.

Double-molded clip-on bridge with adjustable nose pads.

Rimless nylon shield lens offers widest field of vision and unobstructed view. Impact resistant and NO cracks, NO chipping during lens glazing.

Ready-to-wear plano polycarbonate lens with decenter geometry offers optical quality precision. Remarkable cosmetic with contrasting Revo-mirror combination.

Optional top-bar to improve grip or headcurve adjustment(Base 8) by optician

Fully adjustable endtip with metal core covered with anti-slip, non-allergenic rubber for maximum snug fit.

Shield lens(w/ 7-base front curve) pre-cut with eye opening when ex-factory; Inner lens(both plano and prescription possible) edged with standard nylon groove (0.7x0.7mm groove size, 7 to 8-base groove curve).

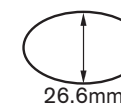

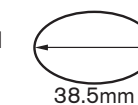

Rx-able swimming goggles PROGEAR® H₂O SPORTSHADES

- Any prescription, fully customized, available through your optician.
- Accommodate all types of lenses, e.g. clear, tinted, anti-fog coated, UV-block, for crisp vision under water.
- Hypo-allergenic, latex free, silicone eye-seals and strap.
- Soft neoprene pouch included.

Additional Plano Lens Selection

PC Yellow (Tv 86%)

PC Clear (Tv 90%)

Plano NXT Grey Transition (Tv 75 - 20%)

PC Grey Polarized (Tv 17%)

Rx-able Solution

Rx-able Clip-On 45 □ 22

Rx Adaptor 69 □ 23

One-piece, internal Spring Hinge fitting broader range of headwidths

Anti-slip, adjustable endtips with stainless steel core for professional adjustment at the opticians

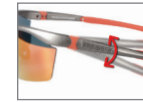

"Rx-able Clip-on" with adjustable stainless steel core double injected with nylon to prevent lens scratches. Inexpensive and versatile optical correction for consumer.

Aluminium Rx Adaptor for easy lens glazing

Anti-slip, adjustable, non-allergenic rubber nose pads

16° lens angle adjustment to cater for different riding modes --- road, off road, TT racing

Interchangeable lens system, but with 6-base lens curve vs. most 8-base sport wrap in the market, i.e. more accommodative for direct Rx lenses and less expensive solution for consumer

Plano Lens Selection

PC Grey (Tv 16%)

PC Red (Tv 33%)

PC Yellow (Tv 90%)

PC Grey Polarized (Tv 12%)

PC Grey + Blue Mirror Coating (Tv 11%)

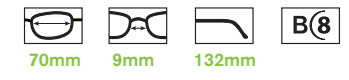

PC Grey + Red Mirror Coating (Tv 16%)

Plano NXT Grey Transition (Tv 75 - 20%)
